

APPENDIX S1. Reference database on biological invasions in Mexico (N = 869). This database included all the bibliographic references with main topic, information provided by the reference, species group, publication type, scope study, study region and language. (*) The study was realised in natural protected areas and (†) the study was realised on an island.

Author s name s	Publication year	Title	Source	Publication type	Main topic	Information provided by the reference according to Quiroz et al. (2009) and Richardson and Rejmánek (2011)	Species group	Scope study	Study region in Mexico	Language
Abarca CA, Bautista J, Sánchez J	2016	Nuevo registro del perico monje <i>Myiopsitta monachus</i> Psittaciformes: Psittacidae: un modelo de ecología urbana en la zona del Ajusco medio, Delegación Tlalpan en la ciudad de México.	In XIII Congreso Nacional de Ornitológia, Ciudad de México. México.	Conference proceedings	Natural history and geographic distribution patterns	New record of Geographical distribution patterns	Birds	Local	South-central	Spanish
Abarca F	2010	Recent regulation changes regarding invasive species in Mexico and the development of Mexico's National strategy on invasive species	National Invasive Species Council Materials. Paper 30.	Technical brochure	Risk analysis	Actor's organisation and perception	All groups	Regional	Mexico	English
Aguilar JA, Camarena O, Center TD, Bojórquez G	2003	Biological control of waterhyacinth in Sinaloa, Mexico with the weevils <i>Neochetina eichhorniae</i> and <i>N. bruchi</i>	BioControl 48:595-608.	Scientific article	Control, eradication and restoration	Biocontrol techniques	Vascular plants	Local	Northwest	English
Aguilar JA, Camarena O, Vega R, Bojórquez G, Contreras JT	2016	Propuesta para la reproducción y preservación de los insectos <i>Neochetina bruchi</i> y <i>N. eichhorniae</i> Neoquetinos para el control biológico del lirio acuático <i>Eichornia crassipes</i> en sitios selectivos del canal principal Humaya del distrito de riego 010, Sinaloa	In XXXVII Congreso Mexicano de la Ciencia de la Maleza, Guadalajara, Jalisco. México.	Conference proceedings	Control, eradication and restoration	Biocontrol techniques	Vascular plants	Local	Northwest	Spanish
Aguilar V	2005	Especies invasoras: una amenaza para la biodiversidad y el hombre	Biodiversitas 60: 7-10.	Divulgation article in popular science magazine	Risk analysis	Ecological and socioeconomic impacts	Vascular plants / Birds, Fishes, Mammals	Regional	Mexico	Spanish
